SUMMARY

Computer Science graduate from Umm Al-Qura University with a keen interest in web development and user interface design. Experienced in building scalable full-stack applications using technologies like Laravel, ASP.NET Core, and React. Strong problem-solving mindset with a focus on practical, real-world solutions. Seeking opportunities to contribute to dynamic and challenging environments where I can apply and develop my skills.

EDUCATION

Umm Al-Qura University BSc in Computer Science ▪ GPA: 3.87/4	Aug 2018 – Jun 2023 Makkah
---	--------------------------------------

EXPERIENCE

Content Creator <i>YouTube Platform</i> ▪ Created clear, step-by-step tutorials on software development concepts, tailored for beginners. ▪ Focused on building real-world applications to enhance practical and problem-solving skills.	May 2025 – present
